

Women & Hi Tech Overview

Since, 1999 Women & Hi Tech exists to change the landscape of women represented in STEM to be equally inclusive to all. To achieve that goal, we work to connect female STEM professionals with each other and our community in Indiana. Our members and sponsors represent a wide array of STEM fields, including life sciences, accounting, engineering, psychology, statistics, and information technology. They work as engineers, analysts, scientists, business developers, marketers, educators, and more.

Upcoming Event: STEM Leaders Roundtable May 17, 2023 at Electric Works, Fort Wayne, IN

Women & Hi Tech is bringing Fort Wayne STEM Leaders together for lunch and a round table discussion. We want to hear from diverse STEM leaders in Fort Wayne. We are providing a safe space to discuss opportunities and challenges for women in STEM and how we overcome and thrive together.

- Identify unique challenges faced by women in STEM in Fort Wayne.
- Understand how W&HT can best collaborate with other Fort Wayne organizations.
- Understand how W&HT can best collaborate with K-12, colleges, universities, and professional development organizations in the Fort Wayne area.
- Discuss how best to engage male allies in the region.
- Begin planning future events in Fort Wayne.

Target Audience

- Area STEM Leaders
- STEM College/university faculty & staff
- STEM Professional Male Allies
- Current Women & Hi Tech members
